

Alsager U3A Logic Problem 1

Created by Diane

Another U3A

		Day of week				Time of day			
		Monday	Tuesday	Wednesday	Friday	9am	10am	1.30pm	2pm
Activity	Abseiling								
	Garden visits								
	Silk painting								
	Stage make-up								
Time of day	9am								
	10am								
	1.30pm								
	2pm								

In another part of the country, a U3A that had quite a lot of younger members decided they wanted new activities for the summer term. They found four new leaders that volunteered to organise the activities. This was on a first come, first served basis. (There was a huge demand)

Find out which activity took place on what day and what time each started.

1. The leader of the abseiling activity managed to find a local indoor wall climbing centre which was very glad to accommodate them one day a week, but not in the afternoon. (They also had to be fit for purpose.)

2. Silk painting took place in an empty art room at the local school at the end of the week.

3. Monday's activity started 30 minutes later than the Friday activity and the Wednesday activity began at 10am.

4. Garden visiting started at the earliest time as people had to meet on the local car park to car share. Some visits may be to one of the member's gardens or perhaps a public garden or sometimes an open garden in the NGS. (National Garden Scheme) They sometimes took a packed lunch.

Activity	Day of week	Time of day
Abseiling		
Garden visits		
Silk painting		
Stage make-up
